### Product Descriptions

#### Long Description:

Garritan Personal Orchestra democratized the creation of orchestral music by making a comprehensive collection of virtual orchestral instruments both accessible and affordable. GPO 5 continues in this tradition by vastly expanding the number of included instruments and offering new techniques, performance spaces and reverbs, and instrument body resonances. The result empowers you to produce truly inspiring symphonic sounds with a much higher level of realism.

Garritan Personal Orchestra 5 gives you a complete orchestra at your fingertips. You can select from more than 500 instruments, including strings, brass, woodwinds, percussion, keyboards and more.

The Garritan Personal Orchestra 5 sampled sound library is powered by the high-performance ARIA Player™. It supports Mac and PC, works as a standalone program or as a plugin, and easily integrates with notation software.
