Finale PrintMusic 2014 Text Descriptions

Finale PrintMusic described in 60 words:

PrintMusic® empowers every musician to quickly create and customize music notation that looks AND sounds great. Once in PrintMusic, notes can be transposed, edited, and arranged, transforming ideas into printed sheet music and PDFs. PrintMusic creations can also be shared as MP3 audio, MIDI, and MusicXML files, as well as enjoyed with other MakeMusic products, including the free Finale NotePad®.

Finale PrintMusic described in 150 words:

With PrintMusic musicians can arrange full ensembles of up to 24 staves, extract individual parts, and hear their music play back with professional sounds and nuance. Notes can be entered in a variety of ways including with a scanner. Users can choose between a handwritten or engraved appearance, host VST/AU plug-ins for professional playback, import and export graphic files, and much more. The results can be shared as printed sheet music and PDFs, as well as MP3 audio files and as Finale® and Music XML files that can be opened in other programs.

From the creators of Finale, the world's most trusted professional music notation software, PrintMusic is the affordable choice for arrangers, composers, teachers, directors, worship leaders, students, and other musicians who want to share their music with others – and the world.
