smartmusic.®
change the way your students practice

Music is a superpower. It allows your students to open doors, move hearts, and make the world a better place. Step up their practice and unlock their superpowers with SmartMusic.

discover music

Find great music that inspires and perform with brilliant accompaniment. Your students will have access to 95+ method books, more than 13,000+ solo and ensemble titles, and thousands of exercises to choose from.

improve

Practice correctly - with tools built for musicians by musicians - and get better faster. See correct notes and rhythms in green and areas for improvement in red, evaluating and documenting your student's progress. See a score based on correct notes and rhythms.

play

Feel what it's like to be a part of the band, whether your stage is in the garage or Carnegie Hall. SmartMusic guides what students practice at home through assignments issued by you. It helps them master difficult sections with adjustable tempo, by creating practice loops, and providing fingering charts by clicking on any note.

Hear My Part and Accompaniments

Change the tempo and loop difficult sections to master technical challenges

Click on a note to see a chart showing the correct fingering

Built-in metronome

Green notes are correct

Red notes are early, late, or have the wrong pitch

Concerto in D, "The Goldfinch"
I. Allegro

Antonio Vivaldi

SmartMusic gives your students the necessary tools to play their best. SmartMusic works on web-enabled computers and tablets, and is optimized for Chromebooks and iPads. Microphones and headphones are optional but recommended for the most accurate assessment.
